

THE SHARKBITE® EVOPEX™ SYSTEM

Plumbing a Better Home

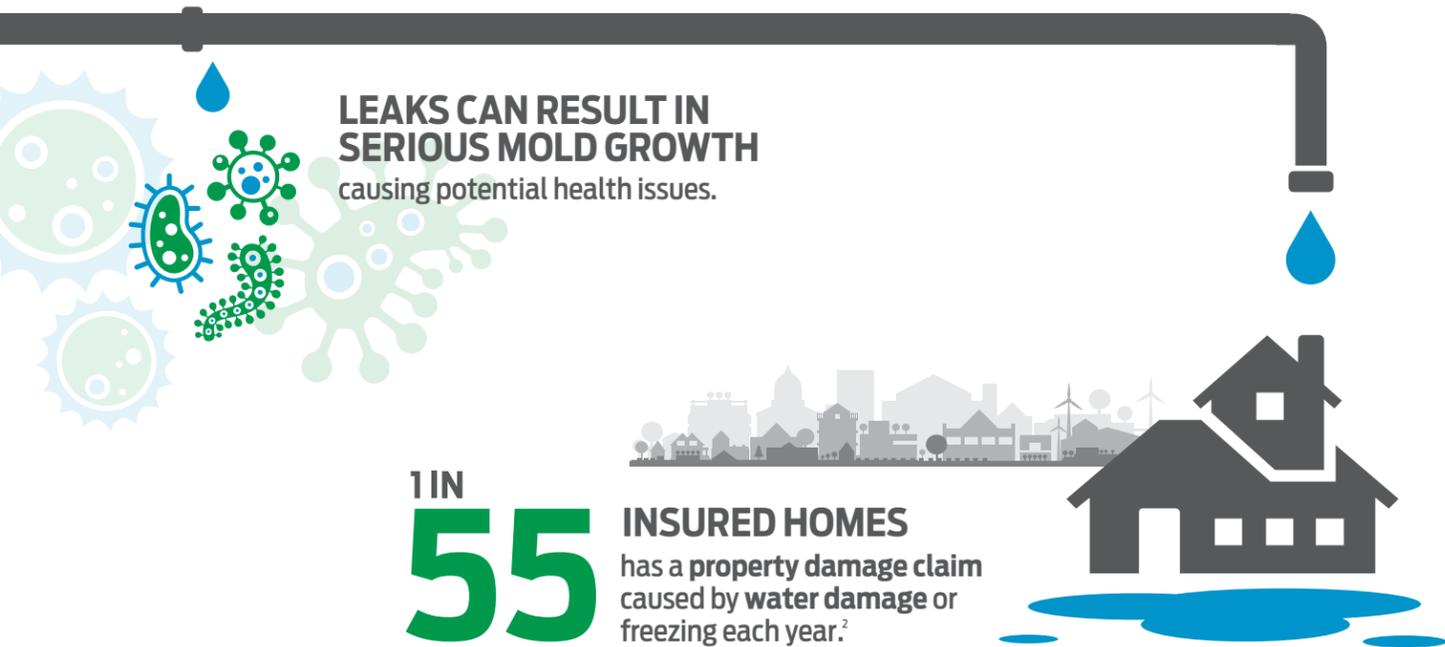

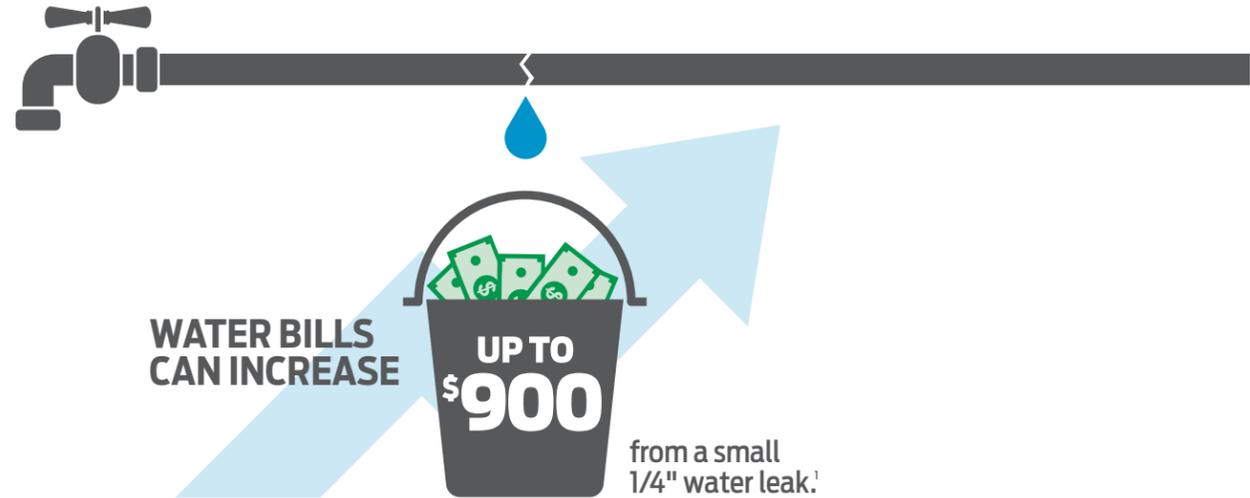

THE TRUSTED SOURCE

for connecting plumbing systems in homes around the world

SHARKBITE EVOPEX

A technologically advanced potable water system for safe and efficient water delivery throughout the home.

THE SHARKBITE EVOPEX PLUMBING SYSTEM PROVIDES A BETTER HOME WITH STATE-OF-THE-ART FITTINGS AND PEX PIPE.

PEACE OF MIND

Visual indicator for assurance of proper fitting connection. Less chance of install error and leaks which reduces risk of water damage and mold.

FREEZE RESISTANT

SharkBite EvoPEX system is more freeze resistant than metal piping due to its ability to expand and contract as water freezes and thaws within the pipe.

HEALTH

No torches, glues, or solvents required for installation, which keeps potentially dangerous chemicals out of your home and potable water supply.

PROVEN AND GUARANTEED

SharkBite PEX pipe has been around for more than 35 years with over 12 billion feet of tubing installed worldwide.

LONGEVITY

A house installed with the SharkBite EvoPEX system pipe eliminates the need for costly future re-pipe repairs.

EFFICIENT WATER DELIVERY

The SharkBite EvoPEX system is immune to corrosion and mineral build-up for greater water pressure and improved delivery of hot water.

RELIABILITY

25 year system warranty with consequential damage coverage* to provide years of customer satisfaction.

QUALITY

Highest grade of materials from the most trusted manufacturer of push-to-connect fittings.

SharkBite EvoPEX helps prevent leaks that can cause mold, material damage, escalated water bills, and increased insurance premiums.
