

NEW RESIDENTIAL
coating systems

**A GUIDE TO THE MANY PRODUCTS
AVAILABLE FOR ALL AREAS OF NEW HOMES.**

Sherwin-Williams provides a full range of coating solutions that meet the needs of the builder market. Your local Sherwin-Williams representative can assist in developing specifications to meet performance requirements, increase efficiencies and provide added value to you and your homebuyers.

INTERIOR FINISHES

- A Emerald® Interior Acrylic Latex**
A breakthrough product that showcases our commitment to innovation and quality. Our finest interior paint, Emerald delivers truly remarkable hide, washability and application. Emerald also features excellent stain, block, water spotting and burnish resistance for premium performance and luxurious, long-lasting beauty. Has achieved GREENGUARD GOLD Certification.*
- B Harmony® Zero VOC Interior Acrylic Latex**
Odor Eliminating Technology[†] helps rooms stay fresher longer. Delivers great hide and stands up to frequent washing. Anti-microbial agents resist mildew, while formaldehyde-reducing technology in the flat and egg-shell promotes better indoor air quality, reducing VOCs from insulation, carpet, cabinets and fabrics. Has achieved GREENGUARD GOLD Certification.*
- C Cashmere® Interior Latex**
Cashmere is a unique paint that looks and feels luxurious and smooth. Your homeowners will appreciate that its silky, low-stipple appearance creates a richness in every room. And with its outstanding coverage, hide and scrubability, your homeowner will be more than satisfied that it will maintain its great looks for years. With buttery, efficient application, Cashmere is available in flat enamel and in low, medium and pearl lustre sheens.
- D SuperPaint® Interior Acrylic Latex**
SuperPaint has excellent hide, durability and scrubability and delivers a rich, beautiful appearance. With SuperPaint, your homeowners will enjoy a lasting finish that will look great for years to come. Available in flat, satin, velvet and semi-gloss sheens.
- E ProMar® 200 Zero VOC Interior Latex**
The first complete professional line with zero VOCs available in multiple sheens and all colors including accents. Offers superb durability, hide and touchup. Meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*
- F Eminence® Ceiling Paint**
Delivers one-coat coverage, timesaving self-priming performance and a bright white finish. A true flat paint, it masks minor surface imperfections for outstanding uniformity and a fresh, crisp look with high light reflectance.
- G SHER-WOOD® Finishing Systems**
Stains, varnishes and sealers offer premium durability and appearance for professional wood finishers. These systems meet performance testing for Kitchen Cabinets Manufacturing Association (KCMSA) and Architectural Woodworking Institute (AWI).
- H ProClassic® Enamels**
Exceptional adhesion, flow and leveling, non-yellowing and a unique wet and dry hide make ProClassic ideal for trim, cabinets and furniture. Offering all the benefits of waterbased enamels without sacrificing adhesion, durability and block resistance.

EXTERIOR FINISHES

- I Duration® Exterior Acrylic Coating**
PermaLast® technology results in a thick, flexible layer for great hide and protection from peeling and blistering. Provides mildew resistance in a self-priming coating that requires just one coat for repaints and two coats for new work.
- J Resilience® Acrylic Exterior Latex**
Provides outstanding hide and durability plus ease of application. With Resilience, the threat of rain or dew will not slow down or delay the job because it is specially formulated with MoistureGuard™ technology, which resists moisture twice as fast as standard exterior latex coatings.
- K SuperPaint® Exterior Acrylic Latex**
Formulated with Advanced Resin Technology for outstanding adhesion and color retention, it resists frost in cold conditions and resists fading, chalking, peeling and blistering in hot and humid conditions.
- L A-100® Exterior Acrylic Latex**
100% acrylic resins make it a long-lasting choice, with assured application and good hide. A-100 performs in temperatures as low as 35°F, and covers efficiently and easily on a wide range of surfaces, including wood, brick, concrete block, metal, aluminum siding, masonry, and fiber cement siding.
- M WoodScapes® Exterior Stains**
Thick, self-priming formula offers great coverage, faster application, a uniform appearance with no lap marks and easy water cleanup. Acrylic Solid Color carries an 8-year warranty and Polyurethane Semi-Transparent carries a 5-year warranty against fading and discoloration.
- N Loxon® Exterior Concrete and Masonry Solutions**
Conditioner, surfacer, primer and topcoats formulated to withstand extreme sun, rain, heat, humidity and salt air. Bridge hairline cracks while resisting high pH, alkalinity, efflorescence, chalking, fading and mildew for lasting color and sheen. In addition, clear waterproofers and sealers protect concrete and masonry from water penetration.
- O Sher-Crete® Flexible Concrete Waterproofer**
Slip-resistant, breathable, durable finish protects from water intrusion. Single-component, waterbased formula has fast dry times and can be tinted to hundreds of colors. Use alone or over-coated for maximum performance.

FLOOR COATINGS

- P ArmorSeal® Floor Coatings**
Broad range of epoxies, urethanes, primers and patches for light to heavy traffic areas, offering aesthetic appeal and high performance.

INTERIOR/EXTERIOR AND SPECIALTY COATINGS

- Q Emerald® Urethane Trim Enamel**
Durable, best-in-class performance for interior and exterior doors, trim and cabinets. Delivers the smooth, uniform finish of an oil-based enamel in a convenient waterbased formula. Resists yellowing and offers excellent adhesion, hardness and color and gloss retention. Meets the most stringent VOC regulations.
- R Solo® 100% Acrylic Interior/Exterior Latex**
Efficiently maximizes application options and minimizes inventory and labor costs. Versatile, self-priming paint can be used almost anywhere, inside and out, so more projects can be completed with a single product. Has achieved GREENGUARD GOLD Certification.*
- S SnapDry™ Semi-Gloss Door & Trim Paint**
Dries in as little as one hour and allows doors to be closed without sticking. Resistant to dirt, fingerprints, UV and weathering, and can be used in both interior and exterior applications.
- T SuperDeck® Deck Finishing System**
Our most complete premium line for finishing wood and composite decks. Includes surface prep, cleaner, restoration and waterproofing options in oil-based or waterborne clear, semi-transparent and solid color stains. Gets the job done fast with lasting results.

*GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

[†]The length of time Harmony actively reduces odors and formaldehyde depends on the concentration, the frequency of exposure and the amount of painted surface area.

We have been serving the professional market since 1866. No other company is better trained or better prepared to assist you. **Just ask Sherwin-Williams.**

A woman with dark curly hair, wearing a bright pink short-sleeved dress, stands on a brick porch. She is smiling and holding a white mug with both hands. In the foreground, there are large, vibrant hydrangea flowers in shades of blue and purple. The background shows a house with light-colored siding, a white column, and a green door with a transom window.

**CONSIDER USING
SHERWIN-WILLIAMS PAINT**

upgrades
