

IT'S NOT A TREND. IT'S A REVOLUTION.

When a breakthrough happens it's impossible to ignore. With a water- and air-resistive barrier and fast, two-step installation, ZIP System[®] sheathing and tape is the future of construction.

Builder Benefits

Using ZIP System[®] sheathing and tape protects your build and saves you time on installation, plus it gives your customers higher performing materials that last.

- ✓ Built-in water-resistive barrier protects against water intrusion while still allowing panels to dry.
- ✓ Superior air protection forms a tight barrier against unwanted air leakage.
- ✓ Enhanced structural durability that meets seismic and high-wind-zone requirements.
- ✓ Fast and easy installation saves money on labor costs and improves project cycle times.

Homeowner Benefits

The ZIP System[®] sheathing and tape doesn't just benefit a home during a build, it gives homeowners a safe, comfortable space that lasts a lifetime.

- ✓ The built-in water-resistive barrier protects homes from the elements during the build and long after construction is complete.
- ✓ An integrated air barrier helps lower energy costs by helping maintain indoor air quality and comfort.
- ✓ Engineered wood design makes homes stronger and more durable.
- ✓ 30-year limited system warranty gives homeowners added peace of mind.
